

HR Heads Recruitment

1. Goal

At this point, we have finished both the HR system design and the HR hierarchy. The HR hierarchy has 4 main HR heads: 1. Tracking 2. Recognition & accountability heads (under the tracking department). 3. Engagement 4. Inclusion heads (under the members' experience department). Now we want to recruit people into these 4 HR head positions. In order to do so, we need to define the interview questions that will show us if the applicant actually fits. We also need to ensure that the recruitment process is fair and objective regardless of who the recruiter is. Moreover, we need to make sure the selected candidates are a good fit for the positions. Therefore, clear selection criteria, or an interview grading rubric if you will, must be defined. And that's what this document is about: outlining the selection criteria and deciding on the application and interview questions that serve the goal of picking the right person for the right place.

2. Recruitment Task

2.1. Role Description

Role	Description
Engagement Head (The Connector)	Plans and leads activities that help volunteers build friendships, stay engaged, and enjoy being a part of Resala. Organizes team-building initiatives, gathers member feedback, and works with other committees to strengthen participation and build a strong sense of community.
Inclusion Head (The Advocate)	Ensures that every volunteer feels welcomed, supported, and able to participate fully in Resala. Coordinates accessibility and inclusion initiatives, supports visually impaired and international students, and works with committees to remove barriers to participation.
Tracking System Head (The Organizer)	Keeps Resala's HR data accurate and usable. Owns the volunteer database and attendance tracking system, works hand-in-hand with the Tech Team to keep it running, and turns raw data into reports that make the club's decisions, like VOM and COM, actually fair.

Recognition & Accountability Head (The Fair Judge)	Makes sure effort gets seen and gaps get addressed – fairly, every time. Reviews attendance and performance data, follows up with members who've gone quiet, oversees warnings and demotions when they're truly needed, and coordinates recognition (VOM/COM) with the Branding Team.

2.2. Application Questions

- Everyone naturally takes on a role in a team. What role do you usually end up playing, and why do you think that is?
- Tell us about a time you noticed a problem that nobody asked you to solve. What did you do, and what happened?
- If you could improve one aspect of Resala's volunteer experience, what would it be, and how would you approach improving it?
