Role Descriptions

Four leadership roles anchor the Resala Visits Subclub. Each Head owns a distinct stage of the visit lifecycle, from first assessment through to storytelling.

Discovery Head

Leads the discovery process before each visit by assessing beneficiary needs, gathering information, and preparing reports that help the team design the most suitable visit plan.

Execution Head

Plans and manages the execution of visits by organizing volunteers, coordinating activities, and ensuring that every visit is carried out smoothly and efficiently.

Impact Head

Evaluates completed visits by collecting feedback, documenting outcomes, and identifying improvements that maximize the long-term impact of future visits.

Storytelling Head

Captures and shares the story of every visit through photography, videography, and social media, highlighting the impact of Resala Visits and inspiring community engagement.

Application Process

Option C – Hybrid Approach. The application process consists of two parts. All applicants first answer a set of general questions that assess their motivation, commitment, and overall suitability for Resala Visits. Applicants then complete a role-specific task based on a realistic visit scenario. This approach allows us to evaluate both the applicant's general fit for the committee and their ability to think and perform within their chosen role.

Part A – General Questions

- 1 Which role are you applying for, and why do you believe it is the best fit for you?
- 2 Why do you want to join Resala Visits, and what do you hope to contribute to the committee?
- 3 Tell us about an experience where you took responsibility for a task, event, or project. What was your role, and what was the outcome?
- 4 Describe a challenge you faced while working in a team. How did you handle it, and what did you learn from the experience?
- 5 How many hours per week can you realistically commit to Resala Visits during the semester?
- 6 What is your second preferred role, if your first choice is unavailable?

Part B – Role-Specific Scenario

Each applicant will complete one practical task based on the role they selected. The objective is not to produce a perfect solution, but to demonstrate your thought process, organization, and approach to the responsibilities of the role.

Submission Requirements

- Complete only the task for the role you selected.
- Your submission should be 1–2 pages (maximum).
- You may use bullet points, tables, diagrams, flowcharts, or sketches where appropriate.
- Your work should be clear, organized, and practical. Creativity is encouraged where relevant.

Scenario

FIXING VISIT · PRACTICAL TASK BASIS

Resala Visits is organizing a Fixing Visit to support a low-income family. During the initial assessment, it was found that the house requires wall repairs, repainting, replacement of a damaged wooden door, and several electrical repairs. The visit is scheduled to take place in two weeks with 25 volunteers. The required materials have not yet been secured, and the team must complete all planning before the visit date.

Discovery Head

DISCOVERY REPORT · 1–2 PAGES

- The additional information you would collect before approving the visit.
- Questions you would ask the beneficiaries.
- Any measurements, observations, or documentation you believe are necessary.
- Potential risks or challenges you identified.
- Your final recommendation for the rest of the leadership team.

Execution Head

EXECUTION PLAN · 1–2 PAGES

- A timeline from planning until the end of the visit.
- The main tasks that need to be completed before the visit.
- How volunteers will be organized and assigned responsibilities.
- Possible risks during execution and how you would handle them.
- A brief contingency plan for unexpected situations.

Impact Head

IMPACT EVALUATION PLAN · 1–2 PAGES

- The success indicators you would use to evaluate the visit.
- The feedback you would collect and from whom.
- A simple outline of the post-visit report.
- Recommendations you might provide for improving future visits.

Storytelling Head

CONTENT & MEDIA PLAN · 1–2 PAGES

- The content you would create before, during, and after the visit.
- The types of photos and videos you would capture.
- A sample social media post or campaign idea.
- How you would ensure that beneficiaries are represented respectfully and ethically.

- Applicants will select their preferred interview slot.

Interview Evaluation System

Four weighted criteria guide scoring during the interview, totaling 100 points. Each section below outlines what a full-mark response looks like versus a low-mark response.

Communication / Teamwork

25 pts

FULL MARK

Provides examples of working successfully within a team or handling disagreements, listens carefully, communicates in a respectful way, and can communicate with all types of people.

LOW MARK

Struggles to communicate ideas, interrupts others, blames teammates, or cannot describe positive teamwork experiences.

Commitment

30 pts

FULL MARK

Gives real examples of good attendance in any activity they participated in before, takes responsibility without being asked to do so, and shows genuine willingness to participate in Resala activities.

LOW MARK

Is not able to explain how they will manage their responsibilities, keeps promising they will attend and barely does, and has inconsistent attendance.

Problem Solving

25 pts

FULL MARK

Gives examples of staying calm under pressure, solving unexpected problems, adapting during events, and thinking quickly.

LOW MARK

Becomes overwhelmed easily, struggles to think of solutions, or relies on others to solve problems.

Character / Passion

20 pts

FULL MARK

Shows enthusiasm, positive energy, empathy, initiative, and a genuine passion for community service. Demonstrates qualities that show how they will make participants feel engaged during the visits.

LOW MARK

Is uninterested, lacks motivation, or joins mainly for the title or certificate rather than the mission.
